Culture Shop

Initiator(s)

Grizedale Arts

Description

Culture Shop is a collection of fermenting cultures for use in food produce.

Goals

To use and disseminate yeast-based cultures for the production of healthy food. To produce low-cost and low-impact food storage and exchange cultures.

Beneficial outcomes

The Culture Shop is a vehicle for discussion in other places – exhibitions, projects etc. – whilst producing for sale. It encourages the growth of knowledge through exchange.
